

ARMY DESERTER

After a couple of soldiers deserted their post, the army sent word out that they were dangerous and may be headed in the direction of town. You contacted the fort back to thank them for their information and would capture and hold them if they got to town. While having your morning coffee, you hear some gunshots and realize this is not gonna be a quiet day. You look up and see two men with tattered cavalry uniforms blowing off some steam. It's time to earn our pay.

Starting line: **"You boys brought dishonor to that uniform!"**

Shooter will start standing in the doorway of the jail with one hand touching each side of the doorway at shoulder level. Rifle is staged on rest inside jail, and shotgun is staged on right rest. At the start signal, move to rest inside jail, retrieve rifle, and engage targets in a military sweep with three on the left, one on the right, and one on the left, then repeat (1-1-1-2-1-1-1-2-1). Discard rifle on rest, draw pistols, and engage pistol targets in the same manner as the rifle targets. Holster pistols, move to right rest, and engage shotgun targets until down.
